### **How will my application be assessed?**

Applications are reviewed first for eligibility by TAC staff. A Grant Review Panel of Black artists and cultural workers then assesses all eligible arts applications. Grant recommendations are approved by the TAC Board of Directors.

TAC strives to ensure fair representation of gender and diverse cultural communities on its adjudication committees and grant review panels. Members are selected on the basis of their familiarity with and specialized expertise in a broad spectrum of arts styles/practices and their direct experience in the Toronto arts community. Annual Operating funding is recommended only at the discretion of the Grant Review Panel. Included in the [Equity Framework](#) is an **Equity Priority Policy**, which states that if there are multiple well-assessed applications of equal merit in an adjudication round but insufficient funds in the grants budget to support all deserving candidates, applications proposed by applicants that self-identify as belonging to one of Toronto Arts Council's equity priority groups or that primarily involve or serve artists from these groups will be prioritized.

### **Assessment Criteria**

The Grant Review Committee will evaluate all organizations applying for Annual Operating funding using the following assessment criteria in the context of each applicant's stated mandate and direction, available resources and stage of development, and the geographic, cultural and artistic environments in which it works.
