Short description of event or organization needing volunteers:

**Our team is planning to create a comfort room on an inpatient unit and we are hoping to get a simple scenic painting done on a wall of a small room, to promote a calm and peaceful place for individuals. We want to be able to offer a safe space for individuals who are in crisis or need of a place to cope with any distress or low moods they may have.**

**The comfort room is our priority but if possible, we are also hoping to create a small “canteen convenience stand” for patients to practice employment/social skills and was hoping to get some small, floating food items painted on the wall to brighten up the space. If this project is of interest to you, please contact below for more details (open to discussions and recommendations). Thank you in advance!**
