TAC is committed to artistic excellence, innovation, and accessibility, and supports a wide spectrum of artistic endeavour and a range of activity that makes the City of Toronto one of the leading cultural centres in Canada. Through its support, TAC cultivates a richer engagement between artists and audiences and reflects the City of Toronto through the diversity of artists, arts communities and audiences that it serves

What does this program support?

The Theatre Program provides Annual Operating support to professional¹ non-profit theatre organizations (both incorporated and unincorporated) engaged in the creation, production and presentation of theatre, and other activities that contribute to the development of theatre, theatre artists, and theatre audiences in Toronto. Funding through this program supports both operations and programming. The City of Toronto supports this program through a funding allocation approved annually by Toronto City Council. In addition to the objectives stated above, the Theatre Program is strongly committed to the development and performance of works by Canadian artists.

Who can apply?

To be eligible for Annual Operating funding, an applicant must:

- be non-profit;
- be a professional¹ theatre organization;
- be located in the City of Toronto and have a significant portion of its activities occurring within the City;
- have a history of sustained theatre activity over the two years prior to this application;
- have received a minimum of two project grants through TAC's Arts Discipline or Strategic programs;
- have a viable administrative structure;
- have professional artistic leadership;
- have sound financial management;
- be governed by a Board of Directors or other body responsible for the organization;
- submit verification of financial results of the last completed fiscal year:

- for requests over \$50,000, **audited financial statements** are required;
- for requests of \$50,000 or less, **a review engagement** is required, (or, if available, audited financial statements);
- for requests of \$25,000 or less, if annual operating revenues are under \$100,000, **unaudited financial statements** that include a balance sheet and a statement of income and expenses is required, (or, if available, audited financial statements or a review engagement);
- demonstrate a range of revenue sources on an annual basis, including earned, government and private sector revenues.
- Organizations must conduct their theatre activities on an annual, ongoing basis either throughout the year or on a seasonal basis. A single project does not constitute annual or seasonal activity. Organizations, whose level of activity varies from season to season, in keeping with their mandate, must describe their multi-year creation and production cycle. Annual and biennial festivals that have completed a minimum of two editions are also eligible.

First-time Applicants

First-time applicants are organizations that did not receive an operating grant last year.

- First-time applicants must consult with the Theatre Program Manager before submitting an operating grant application.
- **Additional eligibility requirement.** First-time applicants must have at least \$75,000 in total revenues for the last completed year, and in projected revenues for the current and request years.
- First-time applicants to the Annual Operating program may only apply in the first year of a multi-year cycle. The next year that first-time applicants may submit an application is:
- Service Organizations 2027
- Theatre companies 2028

Can I Apply to Other TAC Grants?

Organizations may receive only one grant per calendar year through the Theatre program and may not apply to other TAC discipline programs. However, TAC offers other types of granting opportunities through its *Strategic Initiatives* envelope, and operating grant recipients may be eligible to apply to one of these programs. Please consult TAC's website for other granting opportunities. Operating grant recipients may receive a maximum of one additional grant per calendar year and must submit a final report on that project before applying to another program in the *Strategic Initiatives* envelope.

Value of Grant

TAC does not fund 100% of an applicant's budget. Applicants may receive less than the full amount requested. These grants contribute to the artistic and administrative costs associated with an organization's ongoing theatre activities. TAC does not provide funding for capital projects (e.g. equipment, renovations, purchase of buildings), fundraising events/projects or deficit reduction.

How do I apply?

Applicants are required to register at TAC Grants Online (<https://tac.smartsimple.ca>) and submit the application using this online grants management system.

Applications must be submitted on TAC Grants Online no later than 11:59 pm on the deadline date. TAC does not accept applications by any other means of delivery. You will receive a

confirmation email when your application is submitted. Check your spam/junk mail folder if it doesn't arrive in your in-box.

You will enter your Financial and Statistical data online at CADAC (Canadian Arts Database/Données sur les arts au Canada) www.cadac.ca. Financial statements must also be submitted to CADAC and a copy uploaded in PDF form with your application.

Do I need to prepare support material?

All applicants may upload promotional materials produced by their organization in relation to its last year's activities (e.g. programs, brochures, catalogues, etc.) and/or press clippings (maximum 6 pages). Accepted file format – PDF.

First-time applicants to the Annual Operating program may submit 1 to 3 examples of recent theatre work not exceeding a total of 10 minutes. Audio-visual support material must be submitted by providing a link to an external website where your work has already been uploaded, such as Vimeo, YouTube, your personal website, etc. If you provide a link, please also provide the password or any other instructions required to access the file and be sure to keep any links available until you receive your notification letter.

Applicants currently receiving TAC Annual Operating support should not submit audio-visual material. The assessment committee will review audio-visual material from first-time Annual Operating applicants only.

How will my application be assessed?

Applications are reviewed first for eligibility by TAC staff. TAC's Theatre Committee then assesses all eligible theatre applications. Grant recommendations are approved by the TAC board of directors.

Toronto Arts Council's Theatre Committee is comprised of theatre community peers. They have been selected on the basis of their familiarity with a broad spectrum of theatre practices, experience with small- and large-scale works, specialized expertise, and open-mindedness. The Theatre Committee is composed to ensure fair representation of gender and cultural diversity. A current list of Theatre Committee members is available on the Toronto Arts Council's website. Theatre organizations are invited to nominate peers interested in serving on TAC's Theatre Committee. These nominations should be submitted in writing. Committee members serve maximum three-year terms.

Annual Operating funding is recommended only at the discretion of the Theatre Committee. First-time applicants should be aware that approval is not automatic solely on the basis of meeting the general eligibility requirements. (Unsuccessful applicants are eligible to apply to the next Project application deadline.) For organizations currently receiving Annual Operating support, the Theatre Committee may recommend maintaining, increasing or decreasing current funding levels or it may recommend that organizations no longer meeting the standard required be phased out of the program.

Included in the [Equity Framework](#) is an **Equity Priority Policy**, which states that if there are multiple well-assessed applications of equal merit in an adjudication round but insufficient funds in the grants budget to support all deserving candidates, applications proposed by applicants that self-identify as belonging to one of Toronto Arts Council's equity priority groups or that primarily involve or serve artists from these groups will be prioritized.

Assessment Criteria

The Theatre Committee evaluates all organizations applying for Annual Operating funding using the following assessment criteria in the context of each applicant's stated mandate and direction, available resources and stage of development, and the geographic, cultural and artistic environments in which it works. Are there requirements and guidelines for paying artists and arts workers?

Grant recipients are required to pay artists' fees for professional artists, and encouraged to bring these fees into line with sector standards or, at a minimum, living wage benchmarks:

- arts sector guidelines:
- [Carfac \(visual arts\)](#)
- [Canadian Alliance of Dance Artists](#)
- [Canadian Actors Equity – Independent Theatre Agreement](#)
- [Canadian Federation of Musicians](#)
- the Ontario Living Wage as a minimum standard for artists/arts workers' salaries and fees: [Ontario Living Wage by Region](#)

Toronto Arts Council recognizes that increasing levels of compensation for artists and arts workers may require organizations to review programming levels – TAC will not penalize organizations making necessary adjustments, including reducing programming.
